## About the day

### Location

All the action takes place in the New Forest National Park, and on the stunning Western waters of the Solent. We meet at the excellent 'Haven Bistro' in Lymington Yacht Haven.

### Spectacular

Using our own Ribs, we speed across the Solent in tight formation going from port to port engaged in fiendish challenges as part of a Rib Treasure Hunt, before stopping for an excellent lunch.

### Hi tech

We use the latest tablet based Treasure Hunt licensed from Wildgoose which features a live scoreboard, video challenges, questions that can be customised, live maps and even the location of the other teams!

### Teambuilding

The Treasure Hunts are both stretching and entertaining whilst always being good fun; every team member will be able to take the lead in tasks ranging from the logical to the outrageously creative.

### Private 4 x 4 course

After lunch, enjoy private use of a demanding purpose built 4 x 4 course with a fleet of real off road machines – the Landrover Defender. Each participant will receive full instruction and have ample opportunity to drive.

### Low level flight

Step from the Landrovers into a twin engine Squirrel for the ultimate tour of that most famous of landmarks, the Needles, before flying back for the Pimms prize giving reception. The flight is particularly spectacular as the usual height restrictions do not apply over the sea.

### Offroad Segways

To keep you on your toes between events, try your hand on our 'sense defying' off road Segways with a mini cross country course, carefully scored for driver precision.

The Land Sea Air Event is a fantastic way of rewarding staff and entertaining customers at the highest level.

#### Haven Bistro

The day will be non stop action punctuated only by excellent food from The Haven Bistro in Lymington Yacht Haven Marina. The day will finish with a Pimms prize giving reception in the Bistro, giving you another opportunity to enjoy the panoramic views of the Solent.

#### Hospitality

The Land Sea Air Event is a fantastic way of rewarding staff and entertaining customers at the highest level. Should you be concerned that this might stretch your budget too far, it is also possible to concentrate on land and sea alone.

#### Flexible timings

The Land Sea Air Event is designed as full day but can be made to fit a half day if required. Usually participants groups join us at 10.00 and expect to have finished their Pimms by 5.30.

# Case Study: Suzuki

## Customer incentive

Suzuki UK wanted an event exciting enough to act as a major incentive for key dealers and corporate customers from their UK motor vehicle division. Altogether 19 guests took part in a full day of activities.

## The Event

Everything went exactly to plan and all participants had tremendous fun. The competition element generated a fantastic dynamic making the activities even more exciting.

## What did Suzuki think?

"Thank you to the whole team for a superb day. The participants were buzzing and it has had exactly the effect that we'd hoped for. Thanks also for making it so stress free to put together. Great job guys, well done!"
